

M2K™

About us:

M2K Technologies Private Limited with a vision to serve the Indian Defence & Aviation sectors by providing advanced hi-tech products, software, sub-systems and service for the Para-military, Security, Law Enforcement, and Emergency Response sectors has tied up with class-leading and respected companies from across the world to bring cutting-edge innovative products to the Indian market.

Inspired by the Government of India's initiative to indigenise aviation and defense production in India, and growing focus in this sector, M2K Technologies is making progress for phased indigenous manufacturing.

The M2K Group, is a well-established business house with business interests spanning Biotechnology, Real Estate, Multiplexes and Defense & Aviation. In each of our business segments we are synonymous with professionalism, innovation, quality, ethics and superior customer services. (<http://www.m2kindia.com>)
